# GIVE YOUR CHILD A STRONG START

Free & Low-Cost Early Learning Programs

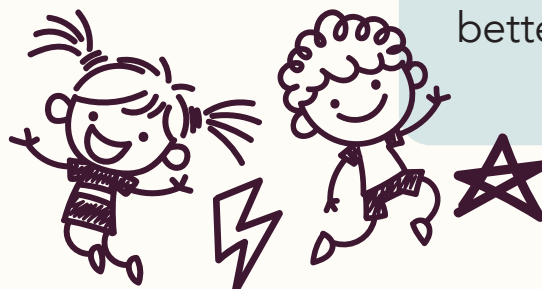

Did you know that the first five years of your child's life are the most important?

During this time, their brain grows faster than it ever will again.

You are your child's first teacher, but you don't have to do it by yourself.

**There are free and low-cost programs in your neighborhood** to help your child learn, grow, and get ready for kindergarten. These programs also help parents and caregivers who work.

**See programs on the next page!**

## Early Learning Matters

Kids who go to preschool are more ready when kindergarten starts.

And kids who are ready for kindergarten do better in life.
